

Q1 - Please give an overall score for your learning experience on this course:

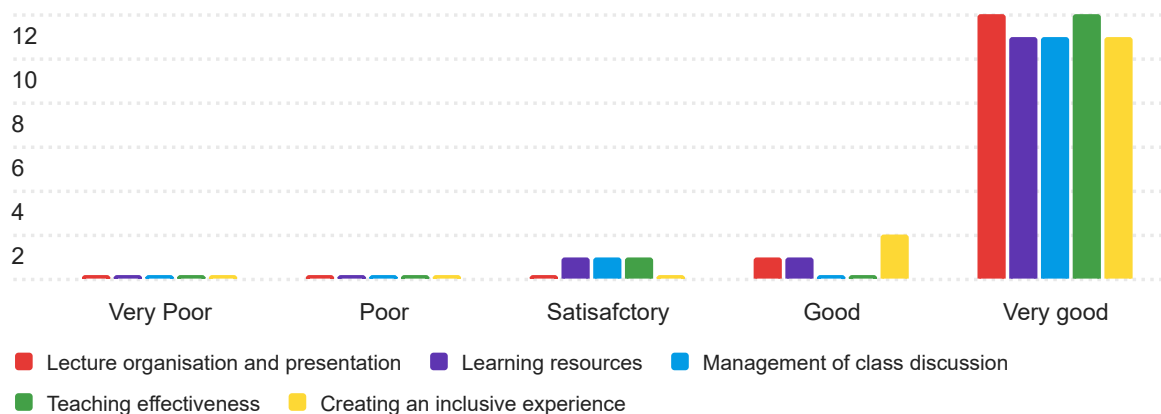

Field	Min	Max	Mean	Standard Deviation	Variance	Responses	Sum
Please give an overall score for your learning experience on this course:	3.00	5.00	4.08	0.83	0.69	13	53.00

Q2 - Please rate your learning and development in this course for each of the le...

Field	Mean	Responses
Understand and link principles of microeconomics to motivate the need for finance, ground asset pricing theory in economics; and	3.92	13
Develop an overview of the fundamental principles of asset pricing as a bridge between economics and finance.	3.92	12

Q5 - TA Support: Aditya Khemka

Field	Mean	Responses
Lecture organisation and presentation	4.92	13
Learning resources	4.77	13
Management of class discussion	4.83	12
Teaching effectiveness	4.85	13
Creating an inclusive experience	4.85	13

Q6 - Please add any comments on the teaching of Aditya Khemka

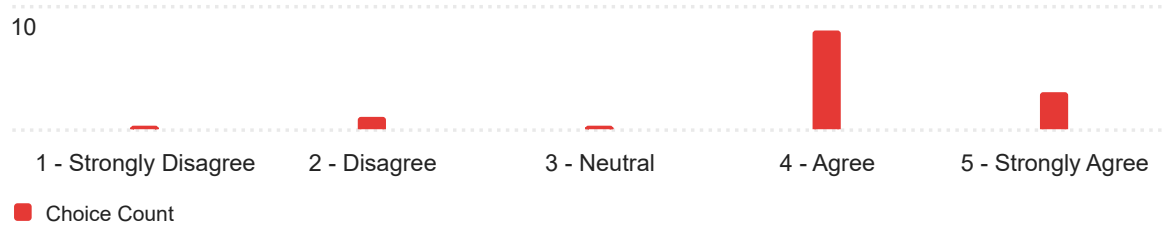

Please add any comments on the teaching of Aditya Khemka

Aditya was very good to complement the lectures and the intuition. He really made sure we would understand and clear up the misunderstanding that might still be there. We could see that he genuinely cared. I think only thing is that we would need more time in general to go through the recap and the exercises because we do it in a great detailed manner, but I hope we will be able to make it fit in the session we currently have

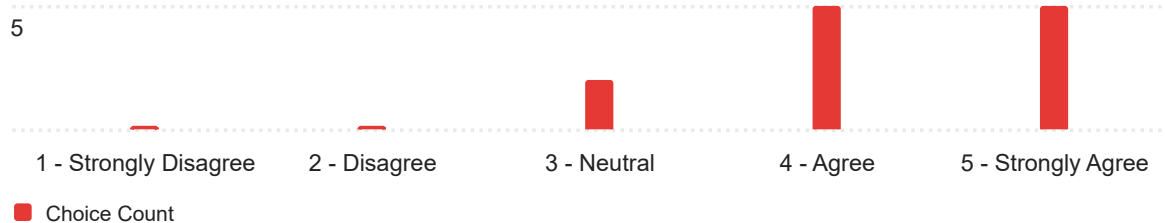

Great, keep him at all costs!! Savior.

Very useful support classes, especially the summary at the start.

Q7 - The relationship between Learning Content and assessment was clear (1,2,3,4,5, 1 as strongly disagree and 5 as strongly agree)

Q8 - The criteria used in marking assessments were made clear in advance (1,2,3,4,5, 1 as strongly disagree and 5 as strongly agree)

Q9 - Please make one suggestion to improve this course for next year's cohort:

Please make one suggestion to improve this course for next year's cohort:

Better explanations on the derivations (maybe go slower with better explanation of the terms and what we do from one line to the other)

Q10 - Which aspects of this course or session contributed most to your learning?"

Which aspects of this course or session contributed most to your learning?"

Lecture recap in support classes!

The TA sessions and the examples in the lecture
